Gen. Buller Gives Boers Three Days in Which to Surrender.

British Prisoners Removed to an Unhealthy Location.

Strained Relations Between Lords Lansdowne and Woblesley.

Dutch Cruiser Waiting to Take Kruger Away.

Great Numbers of Boers Occupy Majuba Hill.

May Retreat to Murchison's Range, Which is Impregnable.

London, June 7.—In the absence of anything from British sources regarding the Boer situation, Gen. Buller requested a three day armistice, the military experts here are inclined to believe a revised version of the story will show that General Buller summoned the Boers to surrender or evacuate their positions within three days, failing which he would attack them.

According to a despatch from Lorenzo Marques under today's date, the Boers under Gen. Botha are concentrating in the neighborhood of Hatherly, 12 miles eastward of Pretoria. From the same source it is reported that the British prisoners are being removed to Noodledig, an unhealthy spot in the Elands Valley. About 300 men arrived there June 6th and 700 reached the place June 6th. These probably constitute the portion of the prisoners which Lord Roberts reported had been shifted from Waterloo Road Saturday.

The strained relations between the Secretary of State for War, the Marquis of Lansdowne, and the British Commander-in-Chief, Lord Roberts, appear to have reached such a pitch that but for the exigencies of the situation Lord Roberts would have resigned.

It seems that Lord Lansdowne attempted to usurp authority always heretofore wielded by the Commander-in-Chief, and the latter in now said to have laid the whole matter before the War Secretary.

London, June 7.—The Birmingham Post, organ of Mr. Joseph Chamberlain, the Secretary of State for the Colonies, says it hears from an official source at the War Office, that a serious question concerning President Kruger is now before the Netherlands Ministry. The paper adds that the President, up to last Friday, had decided to seek refuge on board the Dutch cruiser Friet, now off Lorenzo Marques, and as a result, that, instructed by the Netherlands Ministry, the Dutch commander of the warship.

New York, June 7.—Great numbers of the Boer army, including Majuba Hill, Lang's Nek and the Paardeberg range, as far east as Englebrecht's Pass, says a Newcastle despatch to the Yallahs, the position they are particularly anxious. Gen. Christiaan Botha, Fourie and Pretorius are in command. Should they ultimately refuse to yield and will continue fighting they will in all probability fall back on Lydenburg, by way of Ermelo, with prospects of a safe retreat into the almost inaccessible mountains of the Murchison range. Their task to prevent Gen. Buller's entry into the Transvaal by way of Vaalwater can only result in failure and unnecessary loss of life on both sides.

LETTERS FROM PRIVATE FRYE

Which Effectively Dispose of the Report that He was Numbered With the Slain.

The following letters have been received from Private F. E. Frye, who was reported killed at Taba N'Chu on April 25.

Taba N'Chu, April 29, 1900.
Dear Sister, — Left Bloemfontein Saturday to round up the main Boer army. We have them all surrounded and will make them throw up their hands in a few days. The Boer force is from 2,000 to 10,000 but the land is so rough here that it takes a long time to get around them. We Canadians have had it hard the last few days. Wednesday we had to take a huge battle the Boers held, so as to command their main position, we lost 1 man killed and 3 wounded. Col. Otter was shot in the chin, but not serious. For the last few days we have had to scout around all day and up all night, so that we are dead tired; we hope though to have a rest for the next few days. This is strictly a Dutch town about 10 miles from Taba N'Chu, there is not a man of them off fighting on the hills surrounding the town. We are 35 miles from Bloemfontein. I am in good health; only four of us boys out on this trip, the rest are all laid up in Bloemfontein. I will tell you something to do in ending the war.

Thaba Mountain, May 2, 1900.
Dear Sister, — We have been fighting for two days, took their position killed about three hundred of them. The Boers were shot only one killed. Colton, from Ottawa, Col. Guitton, from the Boer army, killed by the Boers, blown all to pieces. I am in the very best of health and did not get a scratch. We are on the road to Taba N'Chu, look out for some good news, and captured two of their great oxen, and gave them good heavy volleys, the first for competition between the Boers, but we got a good fair shot at them. Best regards to all.

An Excellent Game—The City Wins Out.

A goodly number of spectators gathered at the Agricultural Park yesterday afternoon to witness the third of the series of city league matches, and they were rewarded for their attendance.

The game was in doubt until the last half of the ninth innings had been nearly completed. The home team, the City, won out.

The City took the lead in the 5th inning when Crockett struck a batting streak and not only led the score, but held out in the good.

In the last innings for the City were however able to score two runs with only one man out. One of the features of the game was the home run made by C. Winchester of the Crescents, who drove the ball to the western line fence of the grounds.

The pitching of Lang and E. Gibson was good. Mr. W. Crockett was the game and his decisions gave universal satisfaction. The score at the finish was 10 to 9 in favor of the City.

SECOND CONTINGENT FOOD.

We reproduce the following article from the Ottawa Citizen, knowing it will interest our readers:

Whom the gods would destroy they first make mad. Thus it would seem the fates are dealing with the members of the Laurier Government.

Instead of gladly availing themselves of the assistance of the opposition to discover and punish parties guilty of defrauding the country, or else establishing the falsity of seriously made charges of such a nature, the Liberal ministers treat an important interference any good offices which the members of the opposition perform in seeking thus to serve the state.

The facts connected with the supply of emergency food for the use of the members of the Canadian contingents in South Africa are of so grave a nature that no Government could afford to ignore the possibility of having regard to its future existence.

The statement of facts establishes a case of fraud of one form or another, and the best apology that can be made for the members of the government is that it has blundered.

And a blunder of this sort is scarcely short of a crime. It is in any case of such a nature that no Government could afford to ignore the possibility of having regard to its future existence.

The statement of facts establishes a case of fraud of one form or another, and the best apology that can be made for the members of the government is that it has blundered.

And a blunder of this sort is scarcely short of a crime. It is in any case of such a nature that no Government could afford to ignore the possibility of having regard to its future existence.

It Stands the Test of Time.

This is the highest praise that can be bestowed upon anything produced by man. When a preparation has just been placed upon the market, many people try it just out of curiosity. The constantly increasing sales of

...Abbey's Effervescent Salt

PROVE THAT IT DOES WHAT IS CLAIMED FOR IT.

As a preventive and cure for Constipation, Biliousness, Indigestion, Headaches, and all disorders arising from poor digestion and irregular living, it is unequalled. It is recommended by medical men, and by the many people who have tried it and use it regularly.

A pamphlet explaining the many uses of this fine preparation will be mailed free on application to the Abbey Effervescent Salt Co. Limited, Montreal.

Heart Humber

It is fashionable to-day to have

a new heart every 24 hours.

The commonest symptoms of

dyspepsia or nerve trouble, such as

palpitation, weak spells, loss of ap-

petite, and poor circulation, are mag-

nified and distorted into serious

signs of heart trouble, with the object

frightening the public into taking

this or that remedy. If a

hundredth part of the heart trouble

we hear about were real, the com-

eries would be filled in a month. A

wrong construction is put upon com-

mon ailments in order to humbug

the people into the belief that heart

disease is prevalent, whereas real

heart trouble, which is so sadly and

suddenly fatal when it does occur, is

a rare disease. Lopsided arguments

cannot convince an intelligent people.

Iron is the vital element of the blood.

Too little iron means weakness, lack

of spirit, pallid cheeks, shortness of

breath, sleeplessness, nervousness,

loss of vitality, ending in general

break-down. The iron in Dr. Ward's

Blood and Nerve Pills is in the solu-

ble form you need, in combination

with other curative agents in such

a manner that disease can resist

it. You feel yourself getting

well when you take Dr. Ward's

Blood and Nerve Pills.

MR. FRENCH'S CLOSE CALL.

Got Fixed Up with the Machinery in a Saw Mill, and Nearly Lost an Arm.

Mr. Freeman French, of Albany, came near losing his life one day last week when engaged in his father's saw mill. It seems he was putting up on the driving belt to keep it from slipping when by some means the belt caught on the machinery, and he was thrown so high, in fact, that the doctor at Belleville advised that he should be taken to the hospital. But Mr. French would not listen to this, as he was working in the mill, and knew there was something wrong with the machinery, and he was determined to come down the steps, jumped through a hole in the floor on top of the pile of lumber, and landed on his feet. He was then taken to the hospital, but he was not there long, as he was well enough to go home. He is now at home, and is doing as well as can be expected.

TIMELY TOPICS.

Well, Mr. John A. Shibley has come and gone and all the very long and boring and tedious will find out before long that he is not in regard to this new capitalist enterprise.

The Messrs. Shibley, who are extending, we are informed from Maine to Georgia, and if all goes well, it will soon read "from Ontario to Georgia." Mr. Shibley, the latest enterprise, which he has just completed, is the amalgamation of several large breweries in Newburgh, Conn., into one big concern. In doing this, he informed a prominent citizen of Belleville yesterday, he came into contact with several persons and business associates of Mr. Frank A. Shibley, among them Mr. Bard, president of a bank there, who will be a member of the delegation which visited Newburgh to enquire into the Boiling Mills matter. This, of course, is of interest only so far as it shows that the Messrs. Shibley are in touch with big corporations.

The Messrs. Shibley have already gone into figures with respect to the plants concerning the purchase of which they are in negotiation, via The Belleville Gas Works.

The Belleville Street Railway.

The Trenton Electric and Power Company.

The Messrs. Shibley purpose to purchase not only the works of the Electric and Power Company at Trenton, but the power owned by the Town of Trenton. This is an important point to note.

In a conference with the Mayor yesterday afternoon Mr. John Shibley stated that, if the negotiations reached a favorable conclusion, he would form a company in Belleville to manage the three industries, the seven breweries, and the water works capital behind them to the extent of \$5,000,000. Yesterday Mr. Shibley wired for his engineer, who was formerly City Engineer of Providence, R. I., but that gentleman was expected to arrive here today. He will make a thorough examination of all the plants included in the negotiations. Following him will come the expert accountant, who will look into the mercantile value of the different concerns. By the report of these two experts, the Messrs. Shibley and their clients will be guided. If they consider the matter a sound business proposition, Mr. Shibley will return here tomorrow, and will probably be here for a week or two, before he returns to his home in Maine.

However, it may be stated that the Messrs. Shibley are in touch with the project thinks the report of the experts will be a favorable one, and that before long Mr. John A. Shibley will meet the members of the City Council and get down to business.

It may be asked (no doubt will be asked) what interest has this matter to the citizens of Belleville at large? Well, just this: If the company is installed here it will be to its interest to increase the field for the sale of its wares; the only way that can be done is to increase the population of our city; consequently this company, with a capital of \$5,000,000, must start new industries, which the promoter says they are willing and anxious to do, providing they can see a return of 10 per cent for the money invested. Belleville has always suffered from a lack of capital; if things turn out favorably in this matter it should suffer no more.

One of the certainties if the scheme eventuates is the extension of the Street Railway to the Cemetery; that is, a railway to the building of an Electric Railway to Tweed.

It may be asked, is it not true that Mr. Shibley and his clients do locate here they will want something handsome in the matter of franchises, etc. This is a very old story, and it is true that the people who go around increasing their numbers in Belleville are very anxious to see this. But it is not true that the people who go around increasing their numbers in Belleville are very anxious to see this. But it is not true that the people who go around increasing their numbers in Belleville are very anxious to see this.

Something for MOTHERS.

EVERY CHILD born into the world with a healthy body and a sound mind, is a blessing to his parents. It is the duty of every mother to see that her child is properly cared for, and that he is given the best of food and clothing. The best of food is Castoria, and the best of clothing is a good pair of shoes. Castoria is a safe and reliable medicine for children, and it is the duty of every mother to see that her child is given it. It may truly be remarked that there are Tantalus things in China. There seem to be many but Tangs, but no doubt, the Dowager Empress is the worst of all.

At a picnic up west on Dominion they are offering a prize for any man, not a Scotchman, who can tell "Cock o' the North" who lives in it on the lappage. An unique idea, but the prize will never be claimed.

The Bradford Courier man says the Grits can beat the world in scandal gossip. This is making light of a very dark question.

Strawberries are getting plentiful. Good wives and their husbands are mutually happy in "putting them down."

An English boys' journal called for lists of the twelve greatest living Englishmen recently with the following result, the names being given in the order of votes they received. The Prince of Wales, Lord Salisbury, Lord Kitchener, Joseph Chamberlain, Cecil Rhodes, Lord Rosebery, Henry Irving, Mr. A. J. Balfour, Rudyard Kipling, Archibald Temple of Canterbury and Col. Baden-Powell. Canadian boys will probably make it unanimous.

Writing from Bloemfontein to relatives in the City Private Large says he received a box sent to him from Belleville, and was very much taken up with its contents. At the time of writing he weighed just 130 pounds. He mentions some of the contents of the box in his letter.

Kingston Whig: "A Belleville girl on board the steamer North King on Sunday was reading poetry." "Admiral." "Just think of it—A Belleville girl reading poetry! Perhaps she was only looking at the pictures." "Well, wouldn't that trip you?" "The Kingston people are so used to girls who read such latter-day classics as "Tribby," "Sappho," etc., that they nearly burst when they meet a maiden of culture. But that Belleville girl was mistaken in her choice of poets, she should have taken her Goldenhymn with her. The Belleville Village Girl has been very appropriate reading in our old Kingston."

Toronto Star: "The emergency ration question is nothing more nor less than a row between rival manufacturers of condensed food." Indeed! And what about the Government which paid \$2 a pound for stuff which was sold in the States for 10 cents a pound?

Here's a tip for you—The use of the skipping rope is becoming a fad in England with middle-aged persons who have liver troubles. This is a very old story, and it is true that the people who go around increasing their numbers in Belleville are very anxious to see this.

The Chinese queue looks brighter, and it is cheering to note that Admiral Seymour didn't have to turn back, after all. That story did look rather dubious, for the great Jack Tar hadn't got the reputation of being a man who gives a thing up very easily.

THE COUNTRY is full of lawyers, doc-
tors, politicians, bankers, mer-
chants, farmers, preachers, etc., but
we have run short of men.

The American people in the Gymna-
siums is a pretty affair, and the
stars and stripes is very much in
evidence. It is gratifying to note
that Canadians have sense enough
to treat another nation's flag with
respect, and that they are not
diffident greatly from the finest
mouthed patriots across line 45,
some of whom dance on our flag
and laugh our Queen at every op-
portunity.

The Montreal Herald says that only
40 of the 125 of the reinforcements
for the First Contingent were fit
for service when Bloufountain was
reached.

Toronto Star: "The Belleville In-
telligencer, Sir Mackenzie Bowell's
paper, wrote Mr. Tarte relegated to
private life. This is what the
Intelligencer would like to see hap-
pen to half a dozen prominent men
on its own side." This is not an
issue of its Conservative public men
has ever talked out-and-on in
France, and that it is what Tarte
has done, and that it is what Tarte
has done.

Mr. George F. Tolson, of the Front
of Sidney, this morning showed us the
foot of a carrier pigeon which he
picked up on his farm recently. The
bird had evidently been killed by a
hawk. Around the leg was a brand
bearing the inscription "G. T.
—1899—1898."

The Canucks are coming back one
and a half. Private Grant, of
Windsor, is the latest arrival. He
has a crippled leg but will get a
reunion.

TIMELY TOPICS.

Did you meet a small boy to-day with
a smile like a basket of chips? He
is the happiest one in town, for
he has just got his holidays and
has "passed."

In a letter recently received from
Africa by a relative of one of the
Belleville soldiers, it was stated
that "Dick" Cunningham had recovered
sufficiently to be out of bed, but
only weighed seventy pounds.
Some of the boys, when the letter
was written, were on the way to
Camp Town.

Though should be careful with their
horses this hot weather, when the
flies are bad. There have been
three runaway accidents within the
last twenty-four hours.

Of course the Strathcona's had to do
something to get their name out
there. They have been lying low for some
time, but, as the Montreal Star's
special correspondent says: "Now
they have done a deed which will
live in history. They have blown
up the railway bridge at Komati
Poort, on the railway between
Pretoria and Komati Poort, and
have cut off all communication of the
Boers with the sea. All the
Delagoa Bay Railway rolling stock,
the Boer artillery, the whole Boer
army, including the gold taken by
President Kruger from the mint
here, are west of that break, and
must now inevitably fall into our
hands. Strathcona's Horse has
effectively bottled up the Boers."

The young ladies at Albert College
seem to have carried off more than
their share of honors this year. Out
of twenty medals and prizes they
have had 14. Place six dimes.

"A Cyclist" writes unfolding a tale
of war in regard to the approaches
to the bridges which cross the
Moira. He says it is enough to
"shake the gizzard" of anybody
who has to ride across them, and
shortens the life of a bicycle very
materially. All of which is very
true, and it may be pointed out
that the inconvenience and injury
are not confined to bicycles; other
vehicles suffer also. In striking
contrast is the approach taken by
the By bridge. Something about cer-
tainly to be done with the approaches
to the Upper and Lower bridges.

The signs are multiplying, the boys
will soon be coming home. The Eng-
lish girls are already talking of
the reception they will get in the
Old Country. A correspondent in
the London Daily Mail writes: "I
notice that the Canadian soldiers
now in South Africa are expected
to return to Canada via London.
Would it not be a pleasant and
memorable occasion if the men were
greeted with their medals by the
venerable soldiers' herald?"

Napoleon Odoardo will decorate on
Sunday, July 29. Belleville are
invited and many may attend.

The despatches from China say "Gen-
eral Ma is in command." The old
gent has to take a back seat in
China, too.

Some papers are fretting for fear
some of the Canadians will not
return to Canada. There is no
doubt that the least probability
of the boys being sent there, though
it is altogether likely most of 'em
will volunteer to go if they
were asked.

Sam Jones, the evangelist, has been
eating up the people of the great
United States. He says: "We
have inverted God's order of things
and we have devolved into a nation
of Klondikers."
